All,

Tuesday afternoon works for me and it looks like it works for Garin (but Garin can confirm). I'll also invite Bob Burmark to join us for the discussion since he's the one who has reviewed the applicability analysis.

I would like to add Katie McClintock to the meeting and she is not available today and I'm out tomorrow. How does the afternoon of Tuesday (Sept. 2) work for you and Garin? Don – would that work for you?

Scott and Don,

Ecology has completed an initial review of Weyerhaeuser Longview's December 2012 PSD applicability determination on the No. 11 Boiler Upgrade Project. Do you want to set-up another call for the 4 of us to discuss? Or some other way to move forward?

Cheers,

Jeff
